PROFESSIONAL PROFILE

Versatile and growth-oriented Full Stack Developer with 3+ years of experience delivering responsive, scalable, and secure web applications. Adept at developing both front-end and back-end features with clean, maintainable code. Known for translating product requirements into practical solutions and fostering collaboration between technical and non-technical teams. Combines strong engineering principles with a user-first mindset to deliver impactful products.

CORE SKILLS

- Full Stack Web Development (React, Node.js, Express, MongoDB, SQL)
- RESTful API Design & Integration
- UI/UX Implementation & Cross-Browser Compatibility
- Agile/Scrum Product Ownership
- DevOps & CI/CD Pipelines (GitHub Actions, Power Automate)
- Data Analysis & Dashboard Development (Python, SQL, Tableau)
- Cloud Platforms & Deployment (Azure, AWS, Firebase)
- Security Compliance (GDPR, IAM)
- Testing & Debugging (Jest, Postman, Cypress)
- Project & Backlog Management (Jira, Azure DevOps)

PROFESSIONAL EXPERIENCE

Full-Stack Developer Hoope, Nigeria Jun 2024 – Present

- Developed cross-platform features in health and education applications using React, Node.js, and MongoDB.
- Created mobile-responsive user interfaces with optimal load performance.
- Led integration of third-party APIs and automated backend logic, decreasing server latency by 40%.

Product Owner / Full Stack Developer Woods Air Movement, UK Nov 2024 – Jun 2025

- Led ideation and deployment of a custom helpdesk platform using Power Automate and Excel integration.
- Defined and prioritized product backlog; aligned sprint planning with stakeholder needs.
- Improved development delivery rate to 95% on-time and customer satisfaction by 20%.

Cybersecurity Analyst / Junior Developer Remote Jun 2022 – Nov 2023

- Collaborated with engineers to enforce GDPR compliance across platforms.
- Reduced vulnerabilities and compliance risks using data-driven monitoring systems.

Mechanical Engineer / Junior Developer Loladeji & Sons, Nigeria Nov 2020 – May 2022

- Built automation solutions that reduced costs by £50,000+ and improved delivery timelines by 20%.
- Developed scripts for performance tracking and process refinement.

PROJECT HIGHLIGHTS

Fan Selector Helpdesk Tool – Built with Forms, Power Automate, and Excel; achieved sub-1-minute response time.

Order Management Tool – Real-time logistics platform with inventory, vendor, and delivery dashboards.

Blueprint for Success – Goal-setting and mentorship web app with progress tracking and user feedback.

Hotel Booking System – Dynamic room availability with reviews and Stripe payment integration.

Orda Food App – Multi-role delivery app with seller, driver, and customer interfaces.

Tenant Management System – Property management tool with tenant history and payment tracking.

School Fee Manager – Tuition tracking platform for low-cost schools with reports and receipts.

TECH STACK

Languages: JavaScript (ES6+), Python, SQL

Frameworks & Libraries: React, Node.js, Express, Tailwind CSS

Databases: MongoDB, MySQL, Firebase

Dev Tools: Git, VSCode, Jira, Postman, Power Automate

Cloud: Azure, AWS, Firebase

EDUCATION & CERTIFICATIONS

B.Tech in Mechanical Engineering – LAUTECH, 2013–2020

SQL Advanced – HackerRank, 2022

Google Cybersecurity Certificate, 2023

Certified Scrum Product Owner (CSPO), 2023
